Note:

- The devices are determined to be built-in by skilled or instructed persons into electrical equipment, for which further directives are effective. They are determined to be used by ordinary persons only for replacement of an identical device.
- If they are installed in machinery where Directive 2006/42/CE applies, that machinery can only be put into service when compliance with that directive has been verified.
- This declaration is not a guarantee of attributes within the meaning of the EC-Directive 85/374/EEC (Liability for defective products).
- When this equipment is installed in other products or is part of an assembly, the manufacturer of the end product must check again EMC characteristics to ensure they are still in compliance with the EMC Directive.
